AGRI-ENERGY
PARTNERS

Getting to Know Us

Agri-Energy Partners was built for farmers and ranchers, by farmers and ranchers.

We are Land Agents for Landowners.

Our goal is to level the playing field and support landowners in their dealings with oil and gas companies to ensure fairness and efficiency in an industry that has typically always had very one-sided negotiations.

Our land agents have spent decades working for oil and gas companies and fully understand the complexities of the contracts that are being negotiated.

We have compassion for landowners and expertise in the industry and have partnered with many landowners becoming a key part of their oil and gas management team.

Key Service Benefits

- We are experts in the surface lease industry – negotiating thousands of surface lease agreements during our time as land agents.

- Because we work for you, it is our priority to make sure you don't miss out on any of the opportunities that are yours to capture with your surface leases.

- 90% of oil companies we work with pay our fees back to you.

- Alberta companies are mandated through the Surface Rights Act to compensate landowners for representation fees paid during negotiations. In most cases, Saskatchewan companies also follow these guidelines.

- The only service you actually pay for is the tracking of your assets.

- Protection for your operation from any future risks or damages caused by activity on your land.

- TRACKING! We track everything to make sure you are paid on time and in the right amount.
